## **This Is Your Town—1961**

The year 1961 was a busy year and many changes were brought about which improved the physical appearance of our town, to ourselves and others, as well as our financial gain.

Final completion of the real estate property revaluation program was effected this year, and our valuation was increased from \$7,000,000 to nearly \$12,000,000. This resulted in a more realistic value of all taxable property, and 50% of this value was used for tax purposes.

**The valuations as listed in the town report represent 50% of the full appraisal.**

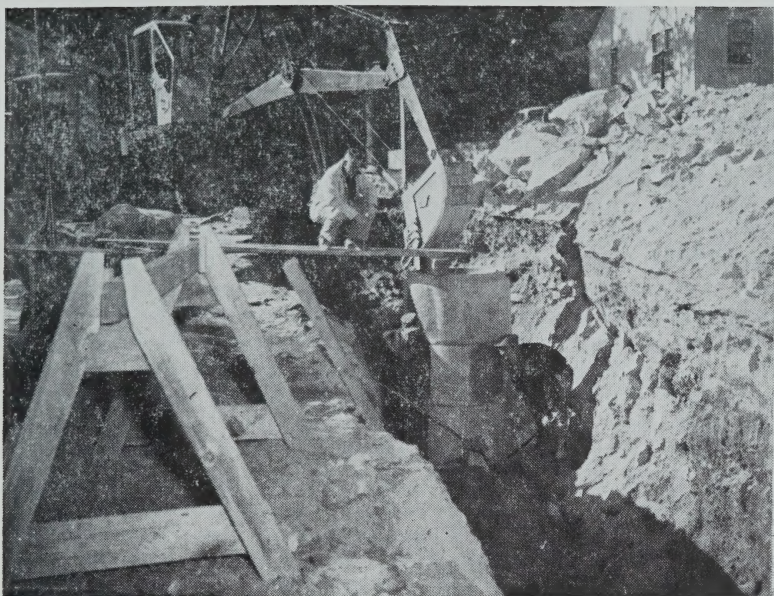

Very few abatements were necessary this year and it is expected that another year our tax records will be the best that the town has ever had. These records have cost considerable to set up, and we must review these each year to properly record all property transfers, as well as new additional property. Property cards and tax maps are now in evidence for all taxable real estate, and these are readily available for inspection, if any taxpayer wishes to compare them.

Our financial condition improved this year and you will note by the State Audit report that we have closed our fiscal year with a surplus of \$19,425.98, whereas last year we had a deficit of \$20,288.13. This means we will no longer have to appropriate for deficit, but we must keep a close watch on our spending and keep within our budget each year.

New equipment purchases this year have been confined to a new police car and a truck replacement for the highway department. Our equipment is in constant use, and we do a great deal of repair work in our own garage. This year we purchased a steam cleaner, an electric welding machine and several necessary smaller tools. We have obtained quite a few tools from the government, which was surplus property, and we find this helps considerably. We contemplate purchasing another new truck this year to replace one which was purchased in 1958, and likewise 2 new sanders. The power loader is in need of some repair; however, it should be alright this year; likewise the power grader. We must soon think about building a new town garage, or find some other building which will provide enough room to house our equipment.

In June the resurfacing of Main Street was completed from the traffic lights on Route 3 to Lake Street and Main. Half of our parking meter posts were installed on removable base sockets; the other half will be corrected this coming

**Sewer Construction by Town on Caverly Street**

**Road Construction on Eaton Parkway**

year. Many miles of outlying roads were graveled and ditched, and several culverts replaced. Some of these culverts had not been draining water for several years and this corrective work should help considerably this spring. One mile of mix-in-place asphalt surface was applied to the upper New Hampton Road. This road had been neglected to the point it had to be scarified and regraveled. We plan on continuing this work next summer and experience has proven that if these country roads are fixed in this manner and then kept protected with a seal coat of asphalt once every three years, that they should last indefinitely with a minimum of maintenance. Eaton Parkway was reconstructed from Parshley's property to the cottage of Guy Horne's, and provision has been included in next year's budget to further this construction. St James Street was re-built, catch basins added to the east side of street, and the sanitary sewer extended to Caverly Street and Highland Street. This section was hot-topped from Main Street to the top of the hill on Caverly Street. The extension of the sanitary sewer provided sewerage for several homes. Red Gate Lane was also improved this year. We resurfaced the street with hot-top, and improved the drainage. Plymouth Street was resurfaced and hot-topped for over 900 feet. A very extensive drainage program was also completed back of the Sunoco gas station. It was found that water in this section was trapped and could not run off. We also plan to further our Plymouth Street improvement this year. Over 30,000 gallons of asphalt were used on the outlying roads. One carload of calcium chloride was used during July and August to keep the dust down on some of our major traveled cottage roads. This type of maintenance is very effective and we hope to continue this practice. Our roads are experiencing the most amount of traffic flow ever, and we must keep improving them or they will become more costly to maintain.

The Police and Fire Departments have done outstanding work this year and as you will notice by their reports, the activity is increasing each year. Our present plans for the Police Department are to start training each year to improve the efficiency of the department, and we hope to send one man to police fingerprint school for one week this spring. The auxiliary police have held several meetings throughout the year and are well organized to cope with most any emergency. An all-weather motor vehicle was obtained from CD and this will enable answering any emergency call, in the woods or over snow-blocked terrain.

Our Fire Department is requesting a new truck chassis this year to replace the 1947 truck which has become undependable. Meredith can boast one of the most outstanding fire departments in New Hampshire, and the cost for fire protection is kept at a minimum.

During the year we have held 75 meetings, and have spent a great many hours discussing the problems of our town in attempting to give you, the taxpayer, the most for your tax dollar. You will note that we have shown a breakdown of your tax dollar in the town report, where it comes from and where it goes. Careful analysis of this chart should give you a clearer understanding of your town government. We have carried a weekly news column in the local paper each week to keep the public better informed on town government also.

In closing we wish to thank citizens of Meredith for their cooperation this past year.

9. To see if the Town will vote to authorize the Selectmen to sell at public auction tax-acquired property.
10. To see if the Town will vote to raise and appropriate a sum not to exceed \$5,000.00 for the purchase of a truck chassis, to be used by the Meredith Fire Department. (If this article is approved, the money will provide for purchase of a truck chassis and the cost of transferring the body from present tank truck No. 1 to this new truck chassis.)
11. If Article 10 is adopted, to see if the Town will vote to raise the sum so approved by the issuance of serial notes to be repaid in two (2) annual payments, to be raised annually by taxes assessed, beginning in 1963.
12. To see if the Town will vote to authorize and empower the Selectmen to plan, construct and lay out an extension of the common sewer, from its present terminus on the easterly side of the Daniel Webster Highway, also known as Route #3, in a northerly direction to the Circle Drive area, so-called; thence easterly into the Circle Drive area so that the residents of said area may be served with common sewerage.

And further to authorize and empower said Selectmen to engage all engineering and contracting services incident to the construction of said extension.

And to raise such sums of money, not to exceed \$50,000.00, as may be necessary to defray the cost of said extension of said common sewer. (By petition.)
13. To see if the Town will vote to appropriate the sum of \$5,232.00 for the construction of a new dock at the Cattle Landing in the Town of Meredith. (Contract price of recommended dock would be \$4,800.00, and the cost of removing and disposing of the existing dock would be \$432.00.)
14. If Article 13 is adopted, to see if the Town will vote to raise the sum so approved, by the issuance of serial notes to be repaid in two (2) annual payments, to be raised annually by taxes assessed, beginning in 1963.
15. To see if the Town will vote to raise the sum of \$500.00 to be used to install a Diesel generator at the Inter-Lakes High School. (A similar amount appears in the 1962

School Budget. Estimated cost of wiring and installation is \$1,000.00.)

16. To see if the Town will vote to raise and appropriate the sum of \$1,165.22, which is 1/100th of one per cent of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town. (By request of the Lakes Region Association.)
17. To see if the Town will vote to authorize and empower the Selectmen to sell at public auction or private sale, that portion of the Ackerman real estate situate westerly of U.S. Route #3 and easterly of Plymouth Street, and further authorize the Selectmen to execute and deliver, in behalf of the Town, whatever deed or other documents may be necessary to convey title to said portion to any purchaser or purchasers thereof.
18. To see if the Town will vote to authorize the Selectmen, at the request of the Board of Water Commissioners, to borrow a sum or sums not to exceed \$45,000.00 for the construction of buildings, maintenance, repair and extension of the Meredith Water Department system.

Any sum or sums so borrowed shall be repaid from the income earned by the Meredith Water Department and all sum or sums so borrowed shall be expended at the direction of, and under the supervision of the Board of Water Commissioners of Meredith.

19. To transact any other business that may legally come before this meeting.

## SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 9, 1962

Board of Selectmen  
Meredith, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Meredith for the fiscal year ended December 31, 1961, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

### SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer, Trustees of Trust Funds, Municipal Court, Water Department and Fire Department.

### FINANCIAL STATEMENTS

**Comparative Balance Sheets: December 31, 1960 - December 31, 1961:** (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1960 and December 31, 1961, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$80,514.11 in 1961.

**Analysis of Change in Financial Condition:** (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

#### Decrease in Net Debt

Bonds Matured and Paid	\$35,000.00
Long Term Notes Matured and Paid	25,800.00
Net Budget Surplus	14,025.98
Deficiency Appropriation	6,288.13
Loan from Sewer Construction Account	
Cancelled to Help Cover Debt	
Service Costs Paid by General Fund	19,400.00
	<hr/>
	\$100,514.11

### **Increase in Net Debt**

Long Term Notes - Water Department	20,000.00
<b>Net Decrease</b>	<b>\$ 80,514.11</b>

### **Comparative Statements of Appropriations and Expenditures Estimated and Actual Revenues: (Exhibits A-3 & A-4)**

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1961, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of \$10,358.64, plus a net unexpended balance of appropriations of \$3,667.34, resulted in a net budget surplus of \$14,025.98.

### **Summary of Receipts and Expenditures: (Exhibit B-1)**

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1961, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1961, is indicated in Exhibit B-2.

### **Water Department: (Exhibits H-1, H-2, H-3, and H-4)**

The Balance Sheet, Statement of Receipts and Expenditures, Summary of Water Rents Receivable and Summary of Consumers' Deposits Account of the Water Department, are presented in Exhibits H-1, H-2, H-3 and H-4, respectively.

### **Fire Department: (Exhibit I)**

A statement of the Fire Department account for the fiscal year included in Exhibit I.

### **Statement of Long Term Indebtedness: (Exhibit J)**

A statement of outstanding long term indebtedness as of December 31, 1961, showing annual debt service requirements, is contained in Exhibit J.

## **AUDIT PROCEDURE**

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison

with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

### Current Surplus:

It is noted that the current deficit (excess of current liabilities over total assets) of \$20,288.13, to a current surplus (excess of total assets over current liabilities) of \$19,425.98, in 1961 as shown herewith:

	December 31, 1960	December 31, 1961
Total Assets	\$181,354.75	\$204,143.82
Current Liabilities	201,642.88	184,717.84
Current (Deficit) or Surplus	(\$ 20,288.13)	\$ 19,425.98

### Uncollected and Unredeemed Taxes - Prior Years:

It is again recommended that the Board of Selectmen and Tax Collector go over the uncollected tax lists on the tax warrants of 1958 and prior years, and that abatements be made in cases where the taxes appear to be uncollectible.

It is also recommended that tax deeds be taken by the Town on properties represented by unredeemed tax liens on account of tax sales of the levies of 1958 and prior years, the two year period in which redemptions should be made having expired in all of such cases.

As of December 31, 1961, uncollected and unredeemed taxes on account of the levies of 1958 and prior years were as follows:

	Uncollected Taxes	Unredeemed Taxes
Levy of 1958	\$ 6,277.08	\$1,668.78
Levy of 1957	5,794.08	1,083.04
Levy of 1956	5,401.28	289.22
Levy of 1955	53.93	256.29
Levy of 1954 & Prior	1,428.11	198.52
Totals	\$18,954.48	\$3,495.85

### Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and rec-

ommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Meredith for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director  
Division of Municipal Accounting  
State Tax Commission

## Librarian's Report

---

The circulation figure for 1961 totaled 22,824, an increase of 4,507 over 1960. The Juvenile book circulation achieved a total of 13,232, nearly double the figure of previous years, and an increase of 4,157 over 1960. Over 900 volumes have been added in 1961, including gifts and reference works.

Since late fall the Library has been open on Mondays from 10:00A.M. until noon. This additional time has provided the bus pupils of the elementary schools with more opportunities to use the Library facilities and to obtain more assistance than it is possible to give when the Library is crowded.

The State Library continues to provide us with assistance and advice. We are able to obtain material for our borrowers through the Extension Division and the Bookmobile provides us with a selection of titles quarterly.

The generous support of many friends has enabled us to match Mrs. Roger Clapp's contribution towards furnishing for the upstairs reading room. This year we plan to install some basic pieces and follow a plan through to completion as soon as money is available for the purpose.

Respectfully submitted,

CONSTANCE S. RAMSEY, Librarian

## MEREDITH WATER DEPARTMENT

### Report of Water Commissioners — 1961

#### To the residents and property owners of Meredith:

In spite of many unexpected difficulties and delays, much was accomplished in this Department during 1961.

As we stated in our report last year, our first concern was to extend the present main from the corner of Lang and Dover Sts. to the K & M sprinkler connection on Route #3 which would provide a "loop line" for the center of town and facilitate future cleaning and maintenance of service in the business area. In order to accomplish this and other proposed projects, we sent a formal request to the Board of Selectmen on May 12, 1961 asking them to borrow the necessary funds in our behalf in accordance with Article #5 of last year's Town Warrant. The funds requested were received by us on July 18, 1961 but, in the meantime, we had already begun the "loop line" project and it was finally completed on August 23, 1961. Because of the very high water situation last year this job was much more difficult than we had anticipated.

Final Connection on Route 3 Loop

While the above project was in progress we were also endeavoring to come to some agreement with the property owners on the purchase of land for our proposed treatment plant off the Reservoir Road. A sales agreement was finally signed for the property in September but, as of December 31, 1961, the final papers had not been passed nor any payment made. There was no question of price involved and in this connection the owners have been very fair with the Department. The delays have been caused mostly by questions of the amount of land purchased. We are very hopeful that this final phase other parts of the property and the possible future uses of the land purchased. We are very hopeful that this final phase of the transaction will be completed before Town Meeting and that we can proceed with the building as soon as possible. The sales agreement was for a fifty foot right of way off the Reservoir Road and running approximately three hundred and fifty feet southerly to the location of the water main. On the basis of this agreement, we went ahead with the clearing and grading of the property and a suitable road has now been built to the proposed building site.

In addition to the above, the Department was far busier than usual with services and hydrant replacements, breaks, complaints of dirty water, etc.

Because of street widening and resurfacing projects, we had to place a new hydrant at the corner of Lake and Main Sts., replace and relocate a hydrant on St. James St., repair a broken main on Caverly St. and replace the hydrant by the Legion Hall. This latter hydrant had to be removed again because of a faulty valve in the feeder line and we plan to relocate it as soon as possible.

We also added one new hydrant on Route #3 by K & M, replaced a number of faulty services and added several new ones.

The Gate House at the reservoir was reshingled and repainted, the walkway repaired and the whole area at the reservoir was cleaned up, brush burned or hauled away, etc.

In addition to this general description of activity, there were over five hundred meters to be read and kept in repair as well as a pump, chlorinator and other equipment to be checked frequently and kept in operating condition, hydrants to be flushed, etc. As you can well imagine, all of this activity has meant that our Superintendent, Mr. Robert Woodaman, has been a very busy man and, in our opinion, has done a fine job for the Department.

In the fall we had a diver examine the inside of the Gate House and the condition of the reservoir. The results of this examination indicate much work to be done on the building as

well as screens to be replaced, inlets and outlets cleaned and the reservoir itself needs to be drained and cleaned. Records show that this has not been done since 1929. It is our belief that much of our difficulty with dirty water is due to the conditions at the Gate House and in the reservoir as well as the condition of the mains themselves. We plan to correct all of these conditions as rapidly as time, weather and funds will permit.

In connection with the reservoir it should be noted that, although this major source of water is estimated to have a capacity of 13,000,000 gallons, it is fast becoming inadequate and we are becoming more and more dependent on Lake Waukegan to supply our needs. The reason for this is that the use of water has increased greatly in the last few years. For example, the Snow White Coin-a-matic alone used better than 1,500,000 gallons of water from July of 1960 to July of 1961 and recent checks indicate that this may more than double during the current billing period.

All of this increased use by both old and new customers has made it necessary to rely on Lake Waukegan more frequently and we are fortunate to be able to do so. Usually the reservoir supply increases after the summer months are over but this year it did not gain and we were forced to start pumping again in November. To the best of our knowledge, this has rarely, if ever, happened before. This additional pumping and treating increases the cost of operation by about \$350.00 per month and, of course, reduces the margins available for maintenance work and improvements to the system.

Delinquent accounts continue to be a serious problem but we feel that the situation is improving. Several of the larger accounts are now making regular payments on old balances while keeping their current bills paid up and most customers are making a real effort to pay their water bills within the 60 day time period.

On December 31, 1960 we had 171 delinquent accounts amounting to \$7007.03 but on December 31, 1961 we had 116 delinquent accounts amounting to \$5128.82. This is about 28% of the total amount billed during the year which is a better situation than at any time since 1953. As of the date of this writing these figures have been reduced to 100 accounts and \$4578.10. We still believe that the amount of delinquent bills is far out of line however and shall continue to make every effort to reduce them still further in the coming year.

Included in our other plans for 1962 is the replacement of about 450' of four inch main on Waukegan St. which we hope will correct an unsatisfactory situation in that area. It is our understanding that the State has plans to resurface this

street sometime in 1963 so we hope to have our work completed before that time.

In connection with Article #5 in this year's Town Warrant, we do not anticipate any large borrowings during 1962 unless something of an emergency nature occurs in which case, of course, the authority to request funds would be necessary.

## **Annual Report by Secretary of Meredith Public Health Nursing Association for 1961**

---

The Annual meeting of the Meredith Public Health Nursing Association was held in the Municipal Building on Monday evening, January 9, 1961, at 7:30 P. M. Featured on the evening program was a moving picture, "The Lost City", provided by the N. H. Cancer Society and shown by Maurice Taylor, using the high school projector. Reports of officers and Public Health Nurse Anne Hickey, R. N., were received and approved. The following officers proposed by the nominating committee, Doris Maloney, Rachel Godfrey and Thelma McKeagney, were elected: President, Blanche O'Brien; Vice-President, Frances Marks; Treasurer, Clyde C. Smith; Secretary, Raymond V. Pickering; Directors, Maurice Taylor, Beverly Bacon and Arlene Prescott.

Under the direction of these officers your association has moved forward in what has been one of the most successful of recent years. Services of the association have been expanded in an effort to be of the greatest possible service to townspeople, and executive board meetings have been held with only a few exceptions on the second Tuesday evening of each month, instead of quarterly as formerly. At a board meeting held on April 11, Public Health Nurse Anne Hickey, R. N., tendered her resignation to become effective on May 1, 1961. Her resignation was accepted with regret and the president was authorized to place an ad in the Meredith News and Laconia Evening Citizen, announcing the vacancy and asking for applications. From several responses received, the application of Mrs. Marjorie Scott, R. N., was unanimously accepted. As Mrs. Scott would not be available until June 1, Mrs. Hickey, kindly consented to continue part-time until then. Your officers have felt that the association has been very fortunate in being able to secure the services of a full-time nurse with Mrs. Scott's background of training, experience and personality, in so short a time.

The annual appeal letter for memberships and contributions was sent out over the secretary's name on July 15, 1961. Although the returns from this appeal (\$239.00) was less than the previous year (\$296.00), other contributions of cash from organizations and individuals, gifts of clothing, yarn for knitting mittens, cloth for bandages, etc., have probably more than overcome this difference. As this is my last year as secretary for the Nursing Association, I

think there is nothing I can more strongly emphasize than the importance of early response to this annual appeal for funds, the proceeds from which are for use entirely within the town, to help carry on the work of the Nursing Association. Considerable equipment for sickroom use has been acquired by the Association in the past, and additional articles in that area have been purchased during the past year. These are at the nurse's office and available for loan to townspeople who may have need for them. Forms for daily records by the nurse, who also makes monthly reports to the executive board, original and continuing care case records and folders, also special equipment for the nurse's use have been purchased. In addition to her regular duties in caring for the sick at their homes or at her office, the nurse has assisted in distribution of surplus commodities, preparing and distributing Thanksgiving and Christmas gifts and baskets to needy and to shut-ins, collections and distribution of clothing, bandages, etc., and in several cases has provided transportation to doctor or clinic in cases of special need. As I stated early in this report, much good has been accomplished during the past year. Although our present nurse, Mrs. Scott, has only been with us a part of that year, she has already opened new avenues of service and has come to occupy a large place in the hearts of those with whom her work has brought her in contact.

May I at this time, on behalf of the Nursing Association, express the deepest appreciation for the generous support of each individual and organization contributing in any way to the success of this work which is so vital to the continued health and welfare of our townspeople, and again urge your continued support. The total number responding to the current appeal for membership was 85, with 42 responding with contributions, a total of 137 responding. There must be many more who realize the incalculable value of having the full-time services of a qualified, registered nurse available in our town. Let's try to go over the top this coming year when the annual appeal comes our way and make this the most successful and effective year the Public Health Nursing Association has ever had.

Respectfully submitted,

(Signed) RAYMOND V. PICKERING

## Transportation provided

To Laconia Hospital	2
To Laconia Clinic	2
To Hanover C. C. Clinic	1
To Wolfeboro Hospital	1
For ill school children	3

During this period the State Public Health Nurse, Mrs. Virginia Knowlton, asked if the Association would assist in covering the TB case load, and this was done with the Board's approval.

The American Legion 40 & 8 Chapter had a discussion of tuberculosis and its prevention. The Meredith Chapter of the Salvation Army had its annual meeting and the public health nurse was appointed as Welfare Secretary. There was a discussion on how to spread and improve the welfare facilities.

On March 30 a second polio clinic was held by Mrs. Virginia Knowlton and Mrs. Marks. 93 received immunization.

It is with regret I tender my resignation, and I thank everyone who has so kindly assisted me during my tenure as nurse.

(Signed) Mrs. Anne Hickey, R.N.

From June 1 to December 31, 1961:

Case Load	109 persons or families
Adults	52
Children	57
Morbidity	16

June	88
July	92
August	86
September	124
October	91
November	117
December	219
	<hr/>
	817

Of these visits, 367 were nursing care or morbidity visits. 398 were health guidance and welfare visits.

Meetings attended were: Mental Health Conference, June 12; Service and Transportation of Cancer Comm., July 11. Both meetings were held at the Highway Motel, Concord.

### **Transportation provided:**

- 1 adult to Wolfeboro
- 2 adults and children to local doctor's office
- 1 child to eye clinic
- 1 child and mother to maternal and child health guidance clinic.

We have approximately twenty persons in Meredith to check and follow-up on their progress who have had or have been exposed to tuberculosis. I have assisted Virginia Knowlton, State Public Health nurse, with these contacts and she has also requested me to help her at the TB Clinics held in Laconia.

It has been a very pleasant experience returning to Meredith to live. I have enjoyed working with and for you these past seven months. However, I feel very strongly that many more of you could and should acquaint yourselves with the services made available to you through the Public Health Nursing Association. I wish to thank the American Legion and Auxiliary, the Lions, the Elks, the Rotary, the church organizations, the merchants, the police, and all individuals who have donated so generously of their time and gifts to the needy and shut-ins at Christmas. And now my special thanks to my board of directors, one and all, but especially to our president, Mrs. Blanche O'Brien, who has untiringly assisted in every possible way to make my work pleasant and efficient, and service to you the best possible.

Respectfully submitted,

# Report of Police Department

---

The police report this past year shows an increase in accidents investigated, court cases, court cases resulting from accidents, etc. Several small children were seriously injured this past year by motor vehicles; two while crossing the street, another while coasting, and three on bicycles.

Last year new parking lanes were painted on Main Street, after the new paving was completed, and half of our meter posts were installed for winter removal. This year we will correct the remaining meter posts.

A new cruiser was purchased this year, and this has improved our ability to do better police work. The major part of all crime today is connected with automobiles, and a good police car is most essential.

## Town Accepts Delivery of New Police Cruiser

This year arrangements are being made to have one officer attend police school for one week, and I hope this can be included in our budget each year, because there are a great many new methods of crime detection and phases of police work which are taught by experienced instructors.

It is hoped that more parents will give some concern about children riding bicycles after dark without lights or

reflectors, and many times with two on a bike. Warnings by the police officers have not been the answer to this problem. We must ask your cooperation.

A request will be made this year that more warning signs be placed by the State Highway Department along Route 104, warning motorists of the approach to Waukegan Beach, to protect our many children walking to and from the Beach along the highway and in crossing the road near the Beach. We have been very fortunate in not having a serious accident in the past.

Added policing was necessary at Leavitt Park on weekends this past summer, due to the overcrowded conditions, so that residents of Meredith and their guests could enjoy the facilities it offers.

In closing this report, I would like to take this opportunity to thank the Auxiliary police force for the many services they rendered (without pay) this past year, such as Memorial Day, Hallowe'en, the Christmas party, and attending regular monthly meetings, etc. They have done outstanding work.

Respectfully submitted,  
NORMAN R. MARTIN, Chief

### **To the people of Meredith**

The probation department submits this report to the people of Meredith and to the Town Manager. I wish to thank the local, county, and state police, judges, other law agencies and school officials in helping this department function in an orderly fashion. Many avenues of thought are necessary to bring solutions to hand in the guidance and consultations of those committed to this department's jurisdiction. Some seek advice while others are being reprimanded for acts other than lawful.

# Forest Fire Warden's Report

## An Appeal From Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.
